

LU-933 新型變速自動布條裁切機

New Auto Speed Change Piping Strip Cutting Machine

LU-933 新型變速自動布條裁切機是在原有LU-911B基礎上開發出的新一代布條裁切機，專業45度裁切。並透過對刀片和速度的改進，現可適用於多種材料：T恤，洋裝，襯衫，童裝，皮具，萊卡，梭織，針織，廣泛運用于鞋帽廠，手袋廠，服裝廠，針織廠等，LU-933亦可分為人工控制操作和自動操作，並可方便地控制轉速。

90%布料可裁切
It can cut nearly all kinds of fabrics(90%)

Traditional fabrics cutters can only cut woven textiles. Through years of R&D to improve LU-911B, we have successfully come up a more powerful, faster and reliable strip cutting machine LU-933. This machine can cut any kinds of thin or thick fabrics and even 45 degree angle fabrics too. It is a perfect solution in the production of T-shirt, foreign clothing, shirt, children's clothing, leather, lycra, tatting, knitting, elastic fabrics, etc. LU-933 can be operated by manual or automatic, also can easily control the rotation speed.

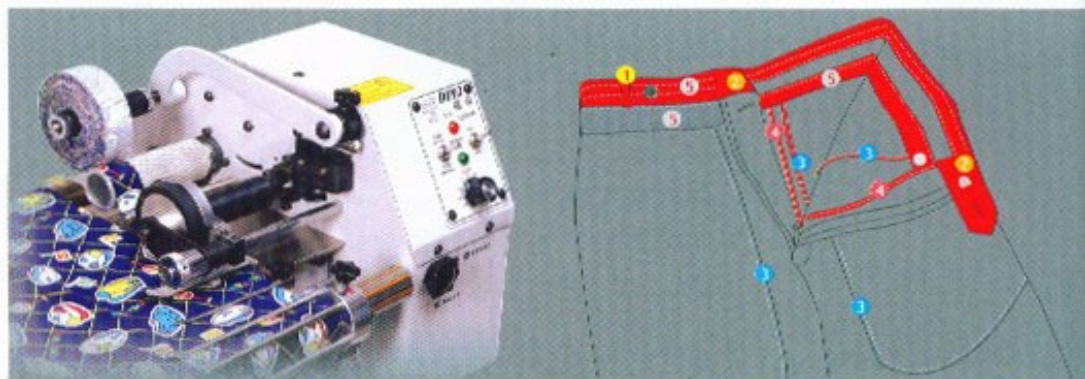

專業45°布條裁切
It is the profession of machine to cut 45° angle fabric

牛仔布
