

271-140332 The Sensitive One

The sophisticated sewing kinematics of the basic lockstitch machine 271 ensures an optimum stitch pattern, also in finest and extremely lightweight fabrics. A perfect stitch formation is guaranteed, even at maximum speed and with minimum thread tension and stress. The integrated modern thread trimming system offers high safety, easy operation and simple maintenance. Owing to its robust and service-friendly design the 271 is characterized by a particularly long durability. Direct drive and oil-free sewing point.
