

-- **SL-700**

Name:4-Needle Feed-off-the-arm Interlock Flatseaming Machine with Double-edge Fabric Trimmer
Type:SL-700

Description:

4-Needle Feed-off-the-arm Interlock Flatseaming Machine with Double-edge Fabric Trimmer

Streamline rest board : to have larger operating space, less vibration, to look after application and artistry(Patent).

Front hand wheel design for servo equipped head.

Front hand wheel design for clutch motor equipped head.

Direct drive servo motor

Venturi device

Auto lifter by Air

Auto lifter by Electric

Chain cutter

SL-700 Series Presser Foot List

Model No.	Part No.	Gauge		Edge Trimming	Materials	Illustration				Features & Application
SL-701 G0	J2201	452	4	6	single	medium to heavy			V	Without groove, curve sewing, straight flatseaming required, e.g. swimsuit, underwear.
	J2202	460								
SL-701 G1	J2203	452	4	6	single	light to medium			V	With groove, flatseaming on multi-layer fabrics, e.g. Lycra, swimsuit, underwear.
	J2204	460								
SL-703 G3	J2237	452	4	6	double	light to medium			V	4.0mm overlapping, suitable for light, elastic fabric, e.g. Lycra, swimsuit, underwear, T-shirt.
	J2238	460								
SL-703A G4	J2239	452	4	6	double	medium to heavy			V	Presser foot with 1.0mm stepped, flatseaming with different thickness on both sides, free puckering
	J2240	460								
SL-703 G4	J2247	452	4	6	double	medium to heavy			V	4.7mm overlapping, medium to heavy duty, e.g. jacket, coat.
	J2248	460								
SL-713 G0	J2401	452	4	6	double	medium to heavy			V	Long presser foot with strong fabric holding force, suitable for linear sewing, especially on harder, thicker,
	J2402	460								
SL-713 G1	J2408	480	4	6	double	medium to heavy			V	Long presser foot width 8.0mm, fit for strong linear sewing e.g. diving suit
SL-703 G2	J4201	452	4	6	double	light to medium		V		Long presser foot best fit for linear sewing, short presser foot better fit for curve sewing on soft, elastic fabric, e.g. Lycra, silk fabric.
	J4202	460								
SL-703 G2	J4201	452	4	6	double	light to medium		V		
	J4202	460
